

Quantec Controller

Part No. QT601-2

Overview

Supplies power to and controls a Quantec Addressable Call System.

Monitors all network devices and manages the routing and distribution of all calls.

Provides connections for network wiring, standby batteries, a laptop (for system programming), optional paging/DECT equipment, an optional printer or PC (to run Quantec's QT707S Surveyor data management software).

Includes a library of 40 pre-set & 45 custom place names.

System setup requires a laptop PC running Quantec's QT707 programming tools.

Can be semi-flush mounted using an QT385 bezel or fully-flushed using a BF359/3S stainless steel enclosure.

System wiring requires one or more QT603 network splitters.

Wiring should be made in a spine and limb arrangement using 1.5 to 2.5mm2 T&E (spines) and 4 to 8 core stranded security cable (limbs).

Technical Specifications

Mains supply 230V 50/60Hz.

Mains rated current 350mA maximum.

Internal power supply 27Vdc nominal.

Total output current limited to 3A @ 230Vac.

Quiescent current 100mA @ 24V

Max battery size and type 2 x 12V 7Ah VRLA connected in series

Cabling Spine & limb arrangement using QT603 network splitters. Spines wired in 1.5-2.5mm2 T&E; Limbs

wired in 4 core stranded security cable (up to 6 limbs per QT603 splitter). Refer to main instructions

for more details.

Open collector outputs OP1 (active on standard call); OP2 (active on help req. call); OP3 (active on emergency call); OP4

 $(active\ on\ attack\ call).\ OP5\ (fails af e\ fault\ output).\ Voltfree\ single\ pole\ c/o.\ Max.\ switch\ current\ 25mA;$

Max. switch voltage 30Vdc.

Other outputs 24V Aux. Power (19.5V min, 28V max). Protected by a resettable fuse. Max. current 100mA.

CONN1 provides an RS232 connection for use with our Quantec Surveyor data management software PC connection

(via a PC) or a Quantec Printer.

Indicators 2 line x 40 character backlit display; Power LED (lit when power is present, off when no power

present).

Accept (A); Scroll Up; Scroll Down; Code Entry Buttons (1, 2, 3 and 4); Escape (E). Controls

Connections Plug-on type, largest acceptable conductor size 1mm2.

CONN2 provides an RS232 connection for paging equipment. Expansion connections 410 W x 250 H x 80 D mm (base); 439 W x 274 H x 7 D mm (lid). Product dimensions (mm)

Metal base, plastic lid. Construction & finish

IP30 IP Rating 3.5Kg. Weight

Operating conditions/temperature -5°C to +40°C. Max relative humidity: 95%.
